

HARSH SANWAL

Data Analyst | Consumer Product Analytics

+91 9478959696 | sanwalharshh@gmail.com | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Data analyst with **2+ years of experience**; Data Science and AI master's student at BITS Pilani with a **BFSI minor**. Delivered **KPI reports for 10+ clients** across **40+ digital properties**. Led a **5 member DRDO team**; validated **400+ datasets in two weeks** at IIT Bombay. Skilled in **Python, SQL, Power BI, Excel, and PowerPoint**. Seeking to apply customer data analysis to consumer product analytics and portfolio performance tracking.

TECHNICAL SKILLS

Programming:	Python, SQL, Pandas, NumPy, PostgreSQL, Git, Jupyter
Reporting:	Power BI, Dashboards, KPI Reporting, Data Visualization, MS Office: Excel and PowerPoint
Business Analytics:	Marketing Analytics, Campaign Analysis, Business Performance Analysis, Requirements Analysis
Data Preparation:	Customer Data, Structured and Unstructured Data, Data Validation, Multi Source Integration
AI & Statistics:	AI/ML, Predictive Modeling, Statistical Analysis, Model Evaluation, Prompt Engineering
Delivery:	Cross Functional Collaboration, Stakeholder Communication, Process Automation, Documentation

PROFESSIONAL EXPERIENCE

AI/ML Intern <i>Indian Institute of Technology Bombay</i>	Sep 2026 - Present <i>Mumbai, India</i>
- Prepared and validated 400+ datasets in two weeks, applying accuracy checks and data quality controls to deliver reusable inputs for model evaluation and quantitative analysis. - Compare CNN and Swin Transformer performance; analyze results across data conditions and communicate findings, limitations, and recommendations to support evidence based decisions.	
AI Research Intern <i>Defence Research & Development Organisation (DRDO)</i>	Jan 2026 - Aug 2026 <i>Hyderabad, India</i>
- Led a 5 member team through flight simulation and telemetry analysis; coordinated analytical delivery and validation, achieving 87% initial model accuracy. - Integrated 3 data sources (imagery, IoT, and speech) into analytical workflows, combining structured and unstructured inputs and communicating findings to research stakeholders.	
Tech & Analytics Lead <i>Garvish Marketing Pvt. Ltd.</i>	Apr 2024 - Dec 2025 <i>Dehradun, India</i>
- Translated business requirements from 10+ clients into tailored analytical reports; collaborated with business and technical teams to communicate performance insights and recommend action steps. - Delivered KPI and management reporting for 10+ B2B projects across 40+ digital properties, analyzing website and campaign performance to explain trends and inform business decisions. - Integrated website, campaign, and customer data through HubSpot and ServiceNow workflows, expanding data coverage for recurring reports, stakeholder updates, and repeatable analytical workflows.	

RESEARCH EXPERIENCE

Defence Research & Development Organisation (DRDO) AI/ML Researcher	2026 - Present
Evaluate predictive model performance across operating conditions; document metrics, findings, and limitations to support reliable evaluation and continuous improvement.	

PROJECTS

Autonomous Self Learning AI System Reusable Validation Workflows
Designed repeatable data validation and model review workflows with manual checks, version tracking, and review logs; implemented automated rollback to standardize reviews and keep analytical changes traceable.
PHYS AI: Comparative Model Evaluation & Decision Support
- Compared 2 neural network approaches under changing, noisy, limited, and extreme data conditions; assessed reliability risks and communicated model limitations. - Mapped 5 reliability measures to 4 review categories (reliable, needs review, unreliable, or invalid) to turn complex quantitative evidence into clear review decisions.

EDUCATION

BITS Pilani M.Sc., Data Science & Artificial Intelligence (Minor: Banking, Financial Services & Insurance Cloud SaaS)	2026 - 2028
Kurukshetra University B.Sc., Mathematics	2023

CERTIFICATIONS

Fundamentals of Quantitative Modeling Wharton School
Financial Markets Yale University
Risk Management and Financial Theory Duke University
Mathematics for Machine Learning Specialization Imperial College London
Data Analytics Dartmouth College

LEADERSHIP & ACHIEVEMENTS

Leadership: Led a 5 member DRDO team ; College/School Sports Captain; Class Representative.
Achievements: CBSE Merit, top 0.1% nationwide ; cleared Army/Air Force selections; State level football player.
